UNION STAR.

Mrs. L. T. Roberts, Roberts Bottom, was the guest of Mrs. Milner.

Mr. and Mrs. L. B. Helm, Robert's bottom, spent Thursday in town.

Mr. A. M. Hardin, of Lodi, was the guest of Miss Dora Gardner Friday.

Mrs. John L. Roberts, of Hannibal, Mo., is the guest of Mrs. D. S. Richardson.

Mrs. Wm. Allen, of Preston, was the guest of Mrs. D. S. Richardson Wednesday.

Miss Dixie Brashear, of Parkland, was the guest of Miss Susie Brashear this week.

Mr. Hugh Ackerman, of Rome, Ind., was entertained by Miss Beale Saturday and Sunday.

Mrs. H. S. Dix and Miss Emma English, of Robert's Bottom, spent Thursday with Mrs. Jas. R. Biggs.

Misses Brashear and Frymire, of Preston, were guests of the Misses Richardson Saturday and Sunday.

Mr. and Mrs. Jas. Cunningham, of Chenoault, spent this week with their son, Mr. J. O. Cunningham.

Mr. Hoeling, of Lexington, and Capt. Bagby, of Frankfort, spent last week with Mr. C. M. McGlothlin.

Messrs. Phelps Kaye and Granger, of Louisville, spent last week hunting near Union Star. They were entertained by Dr. and Mrs. Wm. Milner.

Mrs. Wm. Hawkins and family, of Cloverport, returned home Tuesday after a visit of several weeks to friends and relatives at this place.

Mr. R. C. Richardson attended the fifteenth anniversary of Mr. and Mrs. G. E. Cox, of Owensboro, Monday Nov. 30th which was quite a "swell" affair.

Dr. and Mrs. Wm. Milner entertained to tea Wednesday evening Mr. and Mrs. E. A. Richardson and daughter, Mrs. John L. Roberts and the Misses Richardson.

Mr. and Mrs. C. M. McGlothlin entertained Mr. and Mrs. E. Brashear, of Parkland, and Mr. and Mrs. R. A. Brashear, of Stephensport, very handsomely, Thanksgiving.

Mr. and Mrs. E. A. Richardson and daughters, of Louisville, are visiting their parents, Mr. and Mrs. D. S. Richardson. Mr. Richardson is just recovering from a very severe attack of Typhoid fever.

The revival now in progress here and conducted by Rev. Chas. Royster, of Cairo, Ky., and Rev. Stiles, minister in charge surpasses all since the early days of the church. Quite a number have been converted and several additions to the church.

An accident occurred near this place Friday which came very near resulting seriously. Mrs. J. Logan Roberts and Miss Lena Richardson were going to spend the day with Mr. and Mrs. L. T. Roberts, Robert's Bottom. While going through what is known as "dark hollow" the horse took fright and ran, striking the buggy against a tree and over turning it. Mrs. Roberts escaped uninjured having been thrown entirely out of reach and into the mud. Miss Richardson was caught under and dragged several yards receiving a gash in her forehead, a sprained wrist and a few other slight bruises before the horse freed itself from the buggy. Nothing daunted, however they caught the horse and with assistance reharnessed it to the buggy and proceeded to enjoy the day.

A friend induced me to try Salvation Oil for my rheumatic foot, I used it and the rheumatism is entirely gone.

Starting Bulbs.

Now is the time to start your bulbs in glasses for the winter's bloom. Growing them in vases of water is popular for two reasons. In the first place, it is a pleasure to watch the development of the entire plant, and, secondly, it is a very easy and clean way of obtaining a goodly show of beautiful flowers. It requires, moreover, no horticultural knowledge or skill, as any one may be successful by observing a few obvious rules. It must be remembered always that in order to produce fine flowers all bulbs must first form their roots, and as the darkness prevents the top growth of the plant, but rather aids that mysterious process of rootmaking that is generally in plant life carried on under the friendly cover of the earth, it is better to place the glasses in a cool cellar or closet, where there is at the same time plenty of air, until the roots are well formed and the plant begins to sprout.

The water in the glasses should just reach, not touch, the bulbs; and after they have been brought into the room where they are to flower they should be kept in a place where it will not be too hot. They like rather a low temperature, although requiring plenty of air and light. In choosing your bulbs select those that are hard and heavy, as for window plants you will want the very best.—New York Tribune.

From Montana.

"It is a pleasure to inform you of the good that S. S. S. has done me. I had blood poison several years ago, which had never been eradicated from my system. Last November it broke out in the shape of salt rheum on the back of my hands. I spent sixty dollars trying to be cured by the treatment of physicians and taking other medicines, and never found any benefit from any treatment until I commenced taking S. S. S. That cured me sound and well, and now I feel that I am a well man. I took only three bottles. I have recommended the medicine to a great many people, and find that it is benefiting them as well as myself."—S. S. BERNELL, Horse Plains, Montana.

S. S. S. never fails to relieve the worst cases of blood poison when taken by the directions, and before some vital organ has become impaired, so as to render a cure impossible. We will mail a valuable book on the blood and skin to any who will apply for it.

PASTOR KOENIG'S NERVE TONIC

Stather Be Without Bread. XI

Rev. J. Koestel, of above place, writes: I have suffered a great deal, and whenever I feel so a nervous attack coming on I take a dose of Pastor Koestel's Nerve Tonic and feel relieved. I think a great deal of it, and would rather be without bread than without the Tonic.

Well Satisfied.

WALTERS, TEX., Oct. 11, 1893.

About 1 1/2 years ago my son had the first attack of epileptic diseases and sudden illness. His different doctors did him no good; on the contrary, his case grew worse, and the attacks came more frequent and severe until he even had 4 to 5 attacks daily. After taking a bottle of Pastor Koestel's Nerve Tonic the attacks entirely ceased.

CHILLED PLOW.

A SWEEPING SUCCESS.

Our new "GRANITE" Chilled Plow has gone to the front with wonderful strides. It is now an acknowledged leader with all who have used it.

Its special merits are:

- 1st. Perfection in outline and shape.
- 2nd. Great turning capacity.
- 3rd. New combination of metals, hard, yet tough.
- 4th. Patent adjustable slip heel, for compensating wear and giving suck or pitch to plow.
- 5th. Runs steadily and is very light draft.
- 6th. Each plow has one point for soft and another for hard dry soil.
- 7th. With all its advantages it is sold at the same price as inferior Chilled Plows.
